(d) if so, the details thereof; and
As mentioned above.

(e) *Whether there are specific scholarships or financial aid available to support students from economically weaker sections in accessing higher education and if so, the details thereof?*
Yes. There are specific scholarships or financial aid programs available to support students from economically weaker backgrounds in accessing higher education i.e. MCM Scholarship (Merit cum Means Scholarship) and Fee Waiver.

Under Fee waiver program, all the JEE (Advanced) admitted students, whose family income is below Rs. 1.00 lakh get 100 percent tuition fee waiver. Whereas the students whose family income is less than Rs. 5.00 lakhs get two-third waiver in tuition fee.

Further, all the students of the programs of   B. Tech, Integrated M. Tech, (up to 4th year), M. Sc, M. Sc. Tech, MA., MBA whose family income is less than Rs. 6.00 lakhs get full refund of their semester fee under MCM Scholarship.

We also have some other scholarships sponsored by other agencies of Merit cum Means Basis, For Example : ISMAANA Scholarship : Which provides around Rs. 1.00 lakhs per student per year to around 55-60 students.

We have Sandvik Scholarship : this year they sponsored 36 students @ Rs. 1.00 lakhs each.

These are the major programs, apart from MMVY (Madhya Pradesh Govt.) which sponsors around 24-30 students per year ranging from Rs.80,000/- to 2.30 lakhs to our students.

Sir,

This has reference to your email dated 19.11.2024 for Lok Sabha Unstarred Parliament Question Diary No. 245 for 25.11.2024 regarding Challenges Faced by Students of Jharkhand in Higher Education, please find point-wise reply in respect of IIT (ISM), Dhanbad, as given below for necessary action.

Q. The details of the challenges faced by the students in getting higher education in the State of Jharkhand particularly Dhanbad alongwith the measures taken/likely to be taken by the Government to get higher education available to students.

(a) As far as IIT (ISM) Dhanbad is concerned, there are no particular challenges that have been reported by the students to the Institute. However, the Institute is proactively taking care of all the requirements of all the students admitted in the Institute. Whether it is providing Fee Waiver, offering additional classes in regional language to first year UG Program students or providing Merit cum Means Scholarships, Constitution of anti-ragging squad or availability of 24x7 counselling helpline or availability of channels to report hostel/mess/academic/administration/maintenance related issues, appropriate systems and mechanisms are in place to help the students in all the matters. The Institute also has an additional full fee waiver program for meritorious JEE Advanced rankers to encourage students to perform well and take the advantage of this scheme at IIT (ISM) Dhanbad.

Q. Whether the students of Dhanbad District in the State of Jharkhand have adequate resources and facilities to pursue higher education.

(b) As far as the students of Dhanbad district admitted in IIT (ISM) Dhanbad are concerned, adequate provisions, resources and facilities are available at IIT (ISM) Dhanbad to help such students as well as all other students of the Institute.

Q. The matter in which technology is being integrated in the classrooms along-with the challenges coming in its way.

(c) The Institute has many smart classrooms that integrate technology suitable with the teaching-learning process. Apart from that most of the classrooms have projectors and sound systems installed for providing suitable technological help when needed. The Institute also provides 24x7 WIFI / Internet facility in hostel rooms so that students can access e-resources provided by the Institute library as well as other resources available on the internet for hassle free learning.

Q. The manner in which access higher education can be ensured for common students and the aspects to be focused in this regard.

(d) As many Institutes including ours face a limitation of hostel/classroom infrastructure at a given point of time in case it wishes to exponentially increase the no. of students immediately, adopting technology and enrolling students by launching online/hybrid programmes can be the solution to such constraints.

Q. The steps taken/proposed to be taken by the Government and educational institutions to increase the access to higher education and new measures proposed to be taken to provide better opportunities to students.

(e) The Institute BoG has approved to initiate online/hybrid academic programmes to increase access to the Institute for students sitting in remote/distant locations. This will also instantly increase the enrollment of students in the Institute without having to spend on infrastructural requirements immediately.
